DTOS-MU.COM

We are DTOS

We are a proudly independent corporate services provider, ideally located in Mauritius.

We always put our clients first, safeguarding your assets and helping you navigate each regulatory landscape, whilst striving to exceed your expectations every step of the way.

Taking pride in our Mauritian heritage, the African region holds no secrets for our team of experts. Whether you are an individual, or a corporation, our tailor-made solutions ensure you are always prepared for the journey ahead.

Who we are

Our Purpose

We help our clients protect and manage their business and financial future in a professional and ethical manner.

Our Vision

To be recognised as a leading financial services partner in Africa, and the preferred employer for our sector.

Our Mission

We build lasting client relationships and provide quality, personalised service by investing in our most important asset – our people.

Our Values

Do the right thing:
Integrity is at the very core of our business. We take our responsibility to our clients and each other seriously, and hold ourselves to the highest ethical standards.

Thrive together:
We are one team. Through collaboration, information sharing and celebrating each other's success, we unlock hidden potential and grow in a way that makes us all proud.

Our clients come first:
Service matters. We pride ourselves on going the extra mile for our clients and delivering beyond what's expected, no matter how small the task.

Strive to be best:
We are committed to providing an environment that fosters personal development and growth, so that we can be the best at what we do – individually, and as a team.

Our Services

Corporate

With a comprehensive range of corporate services, we set up companies on behalf of our clients, guiding them every step of the way from registration and licensing, to the administration of their entities in Mauritius and beyond. For almost three decades, and with hundreds of companies under our stewardship, we carry the same passion to deliver these high-quality services, including fiduciary, corporate governance, registered offices and choice of structures.

Business Solutions

We understand the complexities of owning a business and the need to restructure using tried-and-tested solutions. Our experts provide industry-leading advice on restructuring, outsourcing, or maintaining share regularities. We ensure our clients understand the versatility and success of Mauritian domestic companies as a key component of our activities for both residents and foreigners.

Regulatory and Compliance

Company regulation and compliance is growing at an increasing fast pace. To meet this demand, we have formed In Conformità, a separate entity specialising in regulatory and compliance services. Drawing on the expertise of a pool of professionals, it is dedicated to designing the most effective compliance programmes to suit every need.

Funds and Financial Institutions

Institutional investors or promoters looking for the incorporation of funds and related services are taken care of by our dedicated fund administrators – specialised in regular reporting, transaction notices and on-time deliveries.

Private Wealth

We offer tailor-made solutions when it comes to your integration on the local market, from the opening of a bank account to the provision of a complete set of wealth management opportunities. Often, private wealth is structured through trusts, foundations and other special purpose vehicles, so we have a dedicated team of experts who examine existing structures for expats or new settlers, exploring the possibilities to optimise these structures or simply forming new ones.

Relocation & Expat Services

Our specialists are hands on to advise you on the acquisition or rental of properties in Mauritius, including applications to the authorities for visas, residency and occupancy permits, as well as customary applications for personal goods in transit, or quarantine for pets. When it comes to businesses looking to relocate, we offer payroll processing, financial and accounting services, as well as secondment of staff through our outsourcing teams.

Where we are

Mauritius is our home and is the centre of our operations. With regional hubs in Uganda, Kenya, Rwanda and in Dubai, all of our offices are crafted with Mauritian expertise.
